## **Something Happened** Joseph Heller

Bob Slocum was living the American dream. He had a beautiful wife, three lovely children, a nice house...and all the mistresses he desired. He had it all -- all, that is, but happiness. Slocum was discontent. Inevitably, inexorably, his discontent deteriorated into desolation until...something happened.

*Something Happened* is Joseph Heller's wonderfully inventive and controversial second novel satirizing business life and American culture. The story is told as if the reader was overhearing the patter of Bob Slocum's brain -- recording what is going on at the office, as well as his fantasies and memories that complete the story of his life. The result is a novel as original and memorable as his *Catch-22*.
