Dethroning Little Princess Imogen Scarlett Skyes

She had no idea what it would *really* be like to be taken like that...

Imogen is such a little princess. **The man of her house**, Jarrod Steed, has the whole city in his pocket and that has been both a blessing and a curse. You see, what Imogen wants more than anything is to be **taken hard** no matter how much she protests. The way she sees it, if a *real* man *really* wants her, then surely there wouldn't be anything that could stand in his way, especially not Imogen herself!

Unfortunately everybody in town is scared of Jarrod and what might happen if they treated Imogen that way, so in desperation to have her **first time** fulfil every one of her fantasies she finally caves and decides to do everything she can to lure Jarrod himself into fulfilling them. Imogen has seen the marks on the lady of the house before, has heard the sounds coming from their bedroom, but nothing can fully prepare her for the way Jarrod takes her **hard and without protection** in the stables when she gets him alone. There's nothing gentle about Jarrod Steed, and he **will not pull out** until he is good and finished!

If this little princess wants to be the queen, she's going to have to take everything the king can give her.
