Undeniable Evidence: Divine Creation and The Impossibility of Godless Evolution Mike Robinson

Bill Nye, Richard Dawkins, and many others assert that Darwinian evolution is a fact—settled science. Nonetheless, many scholars and scientists are fighting to expose the flaws of Darwinism. For over a hundred years, Christians have battled secularists and atheists over unguided materialistic evolution. The fight has been fought piece by piece—until today. Now, everyday believers have a resource to defeat the claims of atheistic Darwinism at ground-level.

In “Undeniable Evidence: Divine Creation and The Impossibility of Godless Evolution,” the reader discovers the truth regarding:

- Godless Evolution versus Intelligent Design
- Creation versus Atheistic Darwinism
- Materialism versus Christianity

Robinson provides easy-to-understand answers that undermine the foundation of the godless evolutionary viewpoint. In “Undeniable Evidence,” the reader learns how central truths of Christianity are necessary for science and can be used to defeat atheistic Darwinism. Explore these and other issues, answered biblically and rationally, in this book from the author of over 30 volumes on apologetics.

Engaging and scientifically potent, “Undeniable Evidence” offers powerful answers that defend biblical truth as it exposes the impossibility of atheistic evolutionary theory.

“Undeniable Evidence” provides a fresh and powerful treatment of these issues for students, parents, teachers, ministers, youth leaders, and everyday readers. Robinson intends not just to rout a destructive theory, but to expose atheistic Darwinism as impossible.

With his well-written and notably well-researched book, Mr. Robinson not only adds much fresh, unanticipated evidence but also arranges follow-up research on proof that challenges Darwinism at its foundation. When apologists, as well as non-specialists, gain access to this evidence and the grid it rests upon, the Church will come even closer to defending the faith with “many infallible proofs.”
