Racial Identities, Genetic Ancestry, and Health in South America: Argentina, Brazil, Colombia, and Uruguay

Racial Identities, Genetic Ancestry, and Health in South America: Argentina, Brazil, Colombia, and Uruguay

This unique edited collection brings together biologists, geneticists, and social and biological anthropologists to examine the connections between genetics, identity, and health in South America. It addresses a wide range of theoretical issues raised by the rapid changes in the field of genetic sciences. Contributors come from Brazil, Colombia, Argentina, Uruguay, the UK, and the United States, providing a comparative cultural perspective for scholars, researchers, and students.
