Introduction to Geopolitics

Colin Flint

Introduction to Geopolitics Colin Flint

This clear and concise introductory textbook guides students through their first engagement with geopolitics. It offers a clear framework for understanding contemporary conflicts by showing how geography provides opportunities and limits upon the actions of countries, national groups, and terrorist organizations, and the overarching theme of geopolitical structures and agents requires no previous knowledge of theory or current affairs.

Throughout the book, case studies, including the rise of al Qaeda, the Korean conflict, Israel-Palestine, Chechnya and Kashmir, emphasize the multi-faceted nature of conflict. These, along with guided exercises, help explain contemporary global power struggles, the global military actions of the United States, the persistence of nationalist conflicts, the changing role of borders, and the new geopolitics of terrorism. Throughout, the readers are introduced to different theoretical perspectives, including feminist contributions, as both the practice and representation of geopolitics are discussed.

Introduction to Geopolitics is extensively illustrated with diagrams, maps, and photographs. Reading this book will provide a deeper and critical understanding of current affairs and facilitate access to higher level course work and essays on geopolitics. Both students and general readers alike will find this book an essential stepping-stone to understanding contemporary conflicts.

From reader reviews:

Russell Belcher:

What do you about book? It is not important along? Or just adding material if you want something to explain what the ones you have problem? How about your time? Or are you busy individual? If you don't have spare time to try and do others business, it is make one feel bored faster. And you have free time? What did you do? Everybody has many questions above. They must answer that question simply because just their can do this. It said that about e-book. Book is familiar in each person. Yes, it is correct. Because start from on pre-school until university need this kind of Introduction to Geopolitics to read.

Mavis Strain:

Playing with family in the park, coming to see the marine world or hanging out with close friends is thing that usually you will have done when you have spare time, and then why you don't try factor that really opposite from that. One particular activity that make you not sensation tired but still relaxing, trilling like on roller coaster you already been ride on and with addition info. Even you love Introduction to Geopolitics, you could enjoy both. It is fine combination right, you still wish to miss it? What kind of hangout type is it? Oh can occur its mind hangout fellas. What? Still don't buy it, oh come on its referred to as reading friends.

Richard Ybarra:

You may spend your free time to read this book this reserve. This Introduction to Geopolitics is simple to develop you can read it in the park your car, in the beach, train and soon. If you did not possess much space to bring the actual printed book, you can buy the particular e-book. It is make you much easier to read it. You can save the particular book in your smart phone. And so there are a lot of benefits that you will get when one buys this book.

Robert Hollinger:

Is it anyone who having spare time in that case spend it whole day by watching television programs or just telling lies on the bed? Do you need something totally new? This Introduction to Geopolitics can be the response, oh how comes? A fresh book you know. You are and so out of date, spending your spare time by reading in this new era is common not a nerd activity. So what these books have than the others?
