The Pillars of the Earth

Ken Follett

The Pillars of the Earth Ken Follett

If you liked the Century Trilogy, you'll love the “extraordinary...monumental masterpiece” (*Booklist*) that changed the course of Ken Follett’s already phenomenal career.

“Follett risks all and comes out a clear winner,” extolled *Publishers Weekly* on the release of *The Pillars of the Earth*. A departure for the bestselling thriller writer, the historical epic stunned readers and critics alike with its ambitious scope and gripping humanity. Today, it stands as a testament to Follett’s unassailable command of the written word and to his universal appeal.

The Pillars of the Earth tells the story of Philip, prior of Kingsbridge, a devout and resourceful monk driven to build the greatest Gothic cathedral the world has known...of Tom, the mason who becomes his architect—a man divided in his soul...of the beautiful, elusive Lady Aliena, haunted by a secret shame...and of a struggle between good and evil that will turn church against state, and brother against brother.

A spellbinding epic tale of ambition, anarchy, and absolute power set against the sprawling medieval canvas of twelfth-century England, this is Ken Follett’s historical masterpiece.

From the Paperback edition.
