The Astrology of Family Dynamics Erin Sullivan

Erin Sullivan's latest book is a breakthrough both in astrology and psychology. The Astrology of Family Dynamics makes for gripping reading and shows us that astrology is the only system that demonstrates the complexities of the family as an organic whole, the family's place in the collective, and the role an individual plays in carrying on the ancestral line. To date there is no book dedicated to family patterns, the psychology of family dynamics, in natal astrology. Not only does this book fill a gap in astrological literature, it also adds an essential new dimension to the psychology of families and groups.
