Terrorism, U.S. Strategy, and Reagan Policies (Contributions in Military Studies) Marc A Celmer

An up-to-date and comprehensive outline of the United States' response to terrorism, this study deals with all aspects of U.S. antiterrorist policy from the military's role in combatting terrorism to the role of international law and organizations in dealing with terrorists. The evolution of U.S. policy and the anti-terrorism bureaucracy and command structure are carefully traced from the establishment by President Nixon of the Cabinet Committee to combat terrorism to President Reagan's signing of National Security Decision Directive 138 sanctioning the use of more aggressive counterterrorist actions, such as the U.S. raid on Libya.
