C. L. Crouch

Israel and the Assyrians: Deuteronomy, the Succession Treaty of Esarhaddon, and the Nature of Subversion (Ancient Near East Monographs) C. L. Crouch

Was Deuteronomy created to be a subversive text based on Assyrian treaties?

In this new book Crouch focuses on Deuteronomy's subversive intent, asking what would be required in order for Deuteronomy to successfully subvert either a specific Assyrian source or Assyrian ideology more generally. The book reconsiders the nature of the relationship between Deuteronomy and Assyria, Deuteronomy's relationship to ancient Near Eastern and biblical treaty and loyalty oath traditions, and the relevance of Deuteronomy's treaty affinities to discussions of its date.

Features:

- A thorough investigation of the nature and requirements of subversion
- A focused examination of the context in which Deuteronomy would have functioned
- An appendix focused on redactional questions related to Deuteronomy 13 and 28
