This enchanting collection of writings and photographs evokes the beauty, humor and courage of women living in their later years and tells of the endearing moments of joy--and passion--to be found in the rich and varied world of midlife and beyond. An award-winning anthology that takes a refreshing look at issues of aging in a society that glorifies youth. Over 1.6 million copies of the anthology have been sold across the United States. This groundbreaking collection was one of the first non-clinical and positive books on women and aging, and was written by older women themselves. It challenged stereotypes and confronted the invisibility of older women in America.
