Book Description: Kayla's Chick Rant & Book Blog Blog Post: 1/17/15 My name is Kayla and I'm a blogger who believes in fairy tales. Through the anonymity of my blog, along with my reviews of the steamy novels I like to read, I tell the stories of my own search for love. No matter how disastrous they turn out—and believe me, you will ask yourself 'Did that really happen?'—I never gave up, knowing my soul mate was out there somewhere. When my big brother invited me to move to Houston for a semester of college, I jumped at the opportunity to leave my small hometown to see what it was like to live in a big city. Having no friends and not knowing where to go, I met a guy online and met up with him that night. Because... YOLO, right? Turns out, he was an okay guy. Not 'The One', but still, a good enough guy to spend time with. But then, he introduced me to his best friend Jason, and my world tilted on its axis. The dark, tough, tatted-up guy, who was too broody for his own good, captivated me. But he made it perfectly clear, I wasn't his type. Author's Note: The Blogger Diaries Trilogy is the true story of how I met, fell for, lost, and got a second chance at love with my soul mate. The names of everyone EXCEPT me, Jason, my family, and my best friend have been changed to protect their identities. Full of youthful stupidity, leading to bad decisions and lots of angst, it is a real life story, where inevitably things are messy. No one can look back at their late teens and early twenties and not think of moments that make them ask, What the hell was I thinking? Every second of this trilogy is true, exactly as it happened. The first book, 'Wished For You', is a tale of finding 'the one' too early, and then having to let them go. PLEASE NOTE: This is a true trilogy, meaning the first two books END ON CLIFFHANGERS. But if you take the journey with me, in the end, I promise you a happily ever after you will never forget. I know I won't.
