The Maps of Antietam, eBook Short #2: The Siege and Capture of Harpers Ferry, September 12-15, 1862 Bradley Gottfried

The Maps of Antietam: An Atlas of the Antietam (Sharpsburg) Campaign is the eagerly awaited companion volume to Bradley M. Gottfried's bestselling *The Maps of Gettysburg* (2007) and *The Maps of First Bull Run* (2009), part of the ongoing Savas Beatie Military Atlas Series.

Now available as an ebook short, *The Maps of Antietam: The Siege and Capture of Harpers Ferry, September 12-15, 1862*, plows new ground in the study of the campaign by breaking down the entire campaign in 10 detailed full page original maps. These cartographic creations bore down to the regimental level, offering students of the campaign a unique and fascinating approach to studying what may have been the climactic battle of the war.

The Maps of Antietam: The Siege and Capture of Harpers Ferry, September 12-15, 1862 offers one "action-section":

- The Capture of Harpers Ferry

Gottfried's original maps enrich each map section. Keyed to each piece of cartography is detailed text about the units, personnel, movements, and combat (including quotes from eyewitnesses) that make the Antietam story come alive. This presentation allows readers to easily and quickly find a map and text on virtually any portion of the campaign. Serious students of the battle will appreciate the extensive endnotes and will want to take this book with them on their trips to the battlefield.

Perfect for the easy chair or for walking hallowed ground, *The Maps of Antietam* is a seminal work that, like his earlier *Gettysburg* and *First Bull Run* studies, belongs on the bookshelf of every serious and casual student of the Civil War.
