Developing Multi-Agent Systems with JADE Fabio Luigi Bellifemine, Giovanni Caire, Dominic Greenwood
Learn how to employ JADE to build multi-agent systems!

JADE (Java Agent DEvelopment framework) is a middleware for the development of applications, both in the mobile and fixed environment, based on the Peer-to-Peer intelligent autonomous agent approach. JADE enables developers to implement and deploy multi-agent systems, including agents running on wireless networks and limited-resource devices.

Developing Multi-Agent Systems with JADE is a practical guide to using JADE. The text will give an introduction to agent technologies and the JADE Platform, before proceeding to give a comprehensive guide to programming with JADE. Basic features such as creating agents, agent tasks, agent communication, agent discovery and GUIs are covered, as well as more advanced features including ontologies and content languages, complex behaviours, interaction protocols, agent mobility, and the in-process interface. Issues such as JADE internals, running JADE agents on mobile devices, deploying a fault tolerant JADE platform, and main add-ons are also covered in depth.

Developing Multi-Agent Systems with JADE:

- Comprehensive guide to using JADE to build multi-agent systems and agent orientated programming.
- Describes and explains ontologies and content language, interaction protocols and complex behaviour.
- Includes material on persistence, security and a semantics framework.
- Contains numerous examples, problems, and illustrations to enhance learning.
- Presents a case study demonstrating the use of JADE in practice.
- Offers an accompanying website with additional learning resources such as sample code, exercises and PPT-slides.

This invaluable resource will provide multi-agent systems practitioners, programmers working in the software industry with an interest on multi-agent systems as well as final year undergraduate and postgraduate students in CS and advanced networking and telecoms courses with a comprehensive guide to using JADE to employ multi agent systems.

With contributions from experts in JADE and multi agent technology.

From reader reviews:

Arnold Grigg:

What do you ponder on book? It is just for students since they're still students or this for all people in the world, what the best subject for that? Merely you can be answered for that concern above. Every person has diverse personality and hobby for every single other. Don't to be obligated someone or something that they don't need do that. You must know how great and important the book Developing Multi-Agent Systems with JADE. All type of book are you able to see on many methods. You can look for the internet sources or other social media.

Evelyn Roberts:

Reading a reserve can be one of a lot of pastime that everyone in the world enjoys. Do you like reading book thus. There are a lot of reasons why people fantastic. First reading a publication will give you a lot of new information. When you read a book you will get new information due to the fact book is one of many ways to share the information or perhaps their idea. Second, looking at a book will make you more imaginative. When you reading through a book especially hype book the author will bring one to imagine the story how the figures do it anything. Third, it is possible to share your knowledge to other individuals. When you read this Developing Multi-Agent Systems with JADE, you are able to tells your family, friends along with soon about yours reserve. Your knowledge can inspire the others, make them reading a guide.

Keith Abell:

A lot of people always spent their very own free time to vacation or perhaps go to the outside with them family or their friend. Were you aware? Many a lot of people spent they will free time just watching TV, or perhaps playing video games all day long. If you wish to try to find a new activity here is look different you can read some sort of book. It is really fun for yourself. If you enjoy the book which you read you can spent the whole day to reading a e-book. The book Developing Multi-Agent Systems with JADE it is rather good to read. There are a lot of folks that recommended this book. These folks were enjoying reading this book. When you did not have enough space to create this book you can buy the particular e-book. You can m0ore very easily to read this book through your smart phone. The price is not very costly but this book provides high quality.

Anthony Jones:

Playing with family in a very park, coming to see the coastal world or hanging out with good friends is thing that usually you may have done when you have spare time, in that case why you don't try factor that really opposite from that. A single activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you already been ride on and with addition associated with. Even you love Developing Multi-Agent Systems with JADE, you can enjoy both. It is great combination right, you still need to miss it? What kind of hangout type is it? Oh occur its mind hangout people. What? Still don't obtain it, oh come on its

referred to as reading friends.
