## **Adventure Capitalist: The Ultimate Investor's Road Trip** Jim Rogers

It's the ultimate road trip. Legendary investor Jim Rogers and his fiancée travel to 116 countries in a custom-built, four-wheel-drive, bright yellow Mercedes. Over three years, they make their way through war zones, are guarded by military convoys, observe a 50-million-person pilgrimage, eat disgusting food, put the car on barges for transport between countries, and have their lives threatened at every turn. As well as describing his adventures, Rogers has plenty to say about the economies and roads he encounters on his journey. (Naturally, he's driven on the best roads and the worst.) With his keen financial acumen, he picks out those countries with the highest prospective economic success and which ones are headed for disaster. All in all, a wonderful trip.
